Snapshot report

Under the agreement for 2015
Mungallala State School received $5,000

Our full 2015 agreement can be found here Mungallala SS GRG 2015.docx

Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Focused teaching for students requiring support when their achievement was compared with year-level expectation and found to be in need of improvement.
- Providing coaching to teachers to ensure effective implementation of C2C units and highly effective teaching of essential mathematical concepts and skills.
- Building teacher capability to use technology effectively when researching in History.

The effective use of data has indicated areas of weakness in both literacy and numeracy. This information will form the basis of the 2016 I4S when the school will tighten focus and concentrate on bringing student understanding to an equal level across all areas of literacy and numeracy.
