Under the agreement for 2015
Mungallala State School will receive

*Estimated on 2014 data. Actual funding will be determined after 2015 enrolment data is finalised.

This funding will be used to

- Ensure that all Year 3 and Year 5 students attain the National Minimum Standard or better in NAPLAN. EBP’s will be developed for those students who do not attain the NMS
- Increase the number of students achieving C standard or better in Mathematics across all grades
- Ensure all Prep students are able to read and comprehend short, predictable texts and compose and record short, meaningful sentences by the end of their first year at school
- Utilise assistive technology to increase success rate of understanding when researching in History

Our strategy will be to

- Provide focused and intensive teaching for students requiring additional support to demonstrate achievement against the year-level achievement standards and especially in the NAPLAN tests
- Provide professional development and coaching to ensure teachers are able to deconstruct Australian Curriculum: mathematics content and provide targeted and scaffolded instruction to secure highly effective teaching of essential mathematical concepts and skills in every year level, especially Years 3 and 5
- Provide education for parents of pre-Prep students to support the development of oral language and early literacy and numeracy skills at home
- Build teacher capability to use technology to differentiate and improve student learning, particularly in History research
Our school will improve student outcomes by
